

You've got
Teladoc!

Skin care happens here.

Access licensed dermatologists without leaving home.

There's no reason to wait weeks for the skin care you need. Teladoc® can provide treatment for your skin issues within days by web or app.

Our licensed dermatologists can treat **ongoing or concerning skin conditions like psoriasis, skin infection, rosacea, suspicious moles and many more** — quickly, conveniently and discreetly. Simply log in to your account and upload images of your issue. You will **receive a response online** from a licensed dermatologist through Teladoc's message center within two business days.

Get started:
Teladoc.com

STEP 1: REQUEST A CONSULT

Log in to your account, request dermatology care and **upload images** of your skin condition. *Images are required.*

STEP 2: UPLOAD IMAGES

A **licensed dermatologist** will review the images and your medical history. *Note that you will not talk to a doctor.*

STEP 3: CHOOSE PHARMACY

If medically necessary, a **prescription can be written** and sent to your local pharmacy.

STEP 4: VIEW RESULTS ONLINE

Receive a response from a licensed dermatologist in Teladoc's secure online message center within **two business days.**
